

LEADING THE WORLD
IN DIE CUTTING TECHNOLOGY

MODEL L

DIE CUTTING MACHINE

Large Format

Productive

Dependable

Accurate

Quality

The PMC **Model L** Die Cutting Machine was developed to meet the demand for production of larger formats with speed and accuracy. PMC's exclusive guiding system jogs and holds the stacks on all four sides during the die cutting operation for precision die cutting. The **Model L** features a disappearing feed shuttle allowing the machine to be loaded while a stack is being cut. This feature makes the **Model L** the most productive large format die cutting machine in the industry.

MODEL L DIE CUTTING MACHINE

- ▶ Four-sided guiding system jogs and holds the stacks on all four sides during the die cutting operation for precise die cutting.
- ▶ Disappearing shuttle enables one stack to be cut as another is being loaded safely outside the die cutting area – for zero loading time delay.
- ▶ Convenient adjustment of guides and die with clear view of die register on labels speeds set-up and reduces waste.
- ▶ Eight die clamps hold the die securely to ensure maximum die cutting accuracy.
- ▶ Variable speed control for maximum production flexibility.
- ▶ Typical uses: labels, note pads, identification tags, postal cards, game cards, placemats, 3-way trim, round cornering.
- ▶ Materials: paper, plastic, vinyl, Mylar, paperboard.

SPECIFICATIONS: MODEL L

| Specifications | Model L-1414 | Model L-1616 |
|-----------------------|---------------------------------|---------------------------------|
| Maximum Pre-cut Size | 362mm x 362mm (14.25" x 14.25") | 413mm x 413mm (16.25" x 16.25") |
| Minimum Pre-cut Size | 83mm x 83mm (3.25" x 3.25") | 133mm x 133mm (5.25" x 5.25") |
| Maximum Die Cut Size | 356mm x 356mm (14" x 14") | 406mm x 406mm (16" x 16") |
| Minimum Die Cut Size | 76mm x 76mm (3" x 3") | 127mm x 127mm (5" x 5") |
| Recommended Trim | 3mm (1/8") all sides | 3mm (1/8") all sides |
| Stack Height | Up to 102mm (4") | Up to 102mm (4") |
| Cycles per Minute | Variable 5-18 | Variable 5-18 |
| Electric Requirements | 7.5 hp, 7 KVA, 3-phase | 7.5 hp, 7 KVA, 3-phase |
